

Reference

PLEXIGLAS®

Gemini house, facade paneling

Market segment

Industrial Construction and Architecture,
Roof and facade

Product

PLEXIGLAS® Heatstop Opal WZ002, 76/18/3

Location

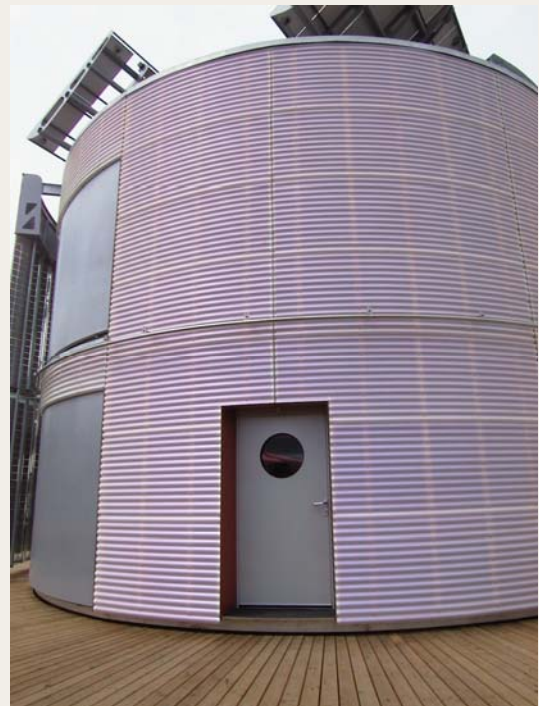

Weiz, Austria

Fabricator/Architect

Kaltenegger und Partner Architekten ZT GmbH
Südtirolerplatz 2
A-8160 Weiz

Selection criteria

PLEXIGLAS® was chosen because of its excellent weather resistance and appearance. The facade paneling has no other function.

Description of application

PLEXIGLAS® was cold-curved and screw-fastened. The substructure was therefore easy to install and made for rapid assembly. Owing to its perfectly smooth surface and excellent weather resistance, the material is the ideal choice for this exterior application.
